Buddy System mentorprogramme

Zsófia Szöllőssy

Mentorcoordinator of the programme

About me

- Zsófia Szöllőssy, coordinator of the mentorprogramme
- Job is to organize the training of the mentors, create the mentor groups, help the mentors in their daily work
- Also have my own mentor group
- With any questions: kulugymentor@tatkhok.elte.hu

ELTE

FACULTY OF
SOCIAL SCIENCES

Goal of the Buddy System

- Representing the interests and helping self-financing and other international students
- Functions:
 - Help students socialize
 - Administrative, bureaucratic help – inside and outside of the university
 - Integration of Hungarian and International students

How it works

- Google Form sent out in your info letter
- Also in your greeting email from the Students' Organization
- You can apply there
- Then, I assign a mentor pair next to you and they add you to their WhatsApp group
- You can ask them anything, and you will also have in-person meetings and other programmes

Our events

- **Explore Budapest** – today, you get points for places you visited and for fun sidequests, and earn rewards! (sign up at our Facebook event organized by **ELTE TáTK HÖK International**)
- **Meet your Mentors** – on Margitsziget, the participants of the Buddy System mentorprogramme will have a picnic and get to know their mentors
- Other programmes organized by the Students' Union in the future (karaoke night, pub crawl, foosball championship)

The programme and its future

- We don't have the capacity for new mentees, but you can always turn to us at: kulugymentor@tatkhok.elte.hu or at kulugy@tatkhok.elte.hu or in your WhatsApp groups
- Goal: mentees will become our future mentors
- New mentor training starting in the 2024. spring semester
- Reaching out to the mentees during the summer
- In-person help, events and meetings during the 2024. fall semester
