Tárgynév: **Blurring Boundaries of Citizenship**
Tárgykód: **K-IRB128:3**
Tárgyfelelős neve: **Nagy Alíz**
Tárgy követelménye: **gyakorlati jegy (5)**
Tárgy heti óraszám: **0/2/0**

Oktatás célja:

The course aims to introduce students into the study of citizenship. Together we will try to answer the following questions: Why does citizenship matter and how to study it? How states regulate; and what are the challenges of the concept in the 21st century?

Regionally we focus mainly on Central Eastern Europe, but some further challenges of citizenship policies outside Europe are discussed. Thematically we cover transnational and postnational citizenship; supranational citizenship; the question of boundaries and borders, naturalization and denaturalization policies; multiple citizenship; voting rights. Special attention will be paid on the contemporary issue of democratic decline and illiberalism.
